Bohemian crystal chandeliers

Packaging of chandeliers

All the chandeliers are delivered disassembled into parts (the body, arms, bowls, trimmings and chain with cover of hook) which are carefully wrapped and labeled.

Exchange of damage or destruction parts

If you find out a damage or destruction of a part within 2 days from the delivery at latest, he'll be sent a new part/parts free of charge.

We kindly ask you to announce such a situation via e-mail or phone to our company, and describe a damaged part in detail (you can scan an illustration of a chandelier and highlight a damaged part, or take a snap of such a part and send via e-mail: custserv@maximus.cz

Assambling instructions and wiring

A chandeliers is easy to be re-assembled according to enclosed instruction and scheme.

You will need only pliers, a screw driver and a bit of skill.

Approximate time to re-assemble a 6 arm chandelier takes about 1 hour, including wiring.

Bulbs

We recommend to use the bulbs with maximum power demand of 40W for socket E14 or 60W for sockets E27.

For US market - sockets E12 with maximum power demand 40W.

All chandeliers are guaranteed for 24 month; and all are delivered with the certification ESC, CE European Union. and/or IECEE-CB which guarantee that all sold lights fit the standards valid in and out of European Union.

Other colour variety

There aren't all possible colour designs of metal and glass parts of the chandeliers stated in our catalogue.

If interested in other colour version then that offered, please contact us to let us know your requirements.

We will find out the possibilities and suggest a solution.

Prices for goods

All the prices stated on www.maximus.cz are in EUR€ and CZK (Czech crowns) and include packing charges.

The prices of products on the pages www.maximus.cz are stated with V.A.T.

Customers from the countries of the European Union (E.U.) will pay the prices including the above stated tax (except companies with V.A.T.).

Other customers, who are not from the countries of the E.U. will pay the prices without that tax.

They can save up more than 15% of the final price of goods.
